VOLUME 1, ISSUE 1

OCTOBER 2008

YOUNG PROFESSIONALS CHANGING LIVES

JAYP BACKGROUND

The Jamaica Association of Young Professionals first few months in operation has met the expectations of the Board of Directors, which was to establish an organization which facilitates the development of young professionals. In March 2007 a group of young professionals under the auspices of Miss Nicole Sharpe, Executive Director of the UWI Endowment Fund initiated the JAYP; however it was not until June 2008 that the Association began its operation.

JAZZY LYMES

We had our first lyme at the Constant Spring Golf Club, which had scores of attendees. The event was followed by our monthly lymes at The Deck and the Village Café.

COMMUNITY SERVICE

We have recognized that nation building requires community development. To this end, we have started our Community Outreach Programme which had its inception in marginalized communities. Our first outreach activity is in the Woodford Park Community.

MEMBERSHIP AMBASSADORS

Looking ahead, it is our goal to increase the total number of members, to improve our knowledge base and to offer interesting alternatives that will benefit our members. There are lots of opportunities for members to get involved and grow with the organization. The Mem-

bership Ambassadors have been recruiting young professionals across the country. These individuals have been ensuring that our members are satisfied. They take great pride in serving all members.

THE FLASHY WEBSITE

The organization is determined to provide information to young professionals in Jamaica and across the world.

Our animated website provides the opportunity to interact with our members, provides information, and provides members with a lounge to relax and unwind. Each member will receive a personalized email address. Companies also have an avenue to advertise.

THE LIVES

OF OUR CHILDREN

PROTECTING OUR CHILDREN

In light of the hundreds of children reported missing, some of whom have died, the Jamaica Association of Young Professionals has embarked on a project to protect our children. This project is in association with the Jamaica Information Service, the public service announcement will be aired in December. This is a fight that the Jamaican society has to win.
